QUALITY SERVICE

# Sussex® Shutters

CUSTOMIZED LUXURY by Norman Shutters®

Sussex panels, outside mount, 3" ridge deco frame, 4 1/2" louvers, hidden tilt rods with perfect arch, sunburst louvers in honey

## Customized Beauty

- Made from custom hand-selected Basswood
- Choose from 18 paints and 32 stain finishes
- Multi-step hand-finishing system creates a flawless finish

## Structural Advantages

- Quarter-sawn louvers combine beauty with strength
- Tight grain pattern showcases more depth and character than flat-sawn wood
- Resists louver cupping, bowing and warping

## Technology & Tradition Combined

- No pre-fabrication or short-cuts
- Prescription Wood Conditioning – reduces post-installation shrinking and swelling
- Engineered reinforced stiles fortify panel stability

Invest *Wisely* in fine window furniture for your home

Among the distinctive construction features that are signature elements of Sussex® Shutters are hand-selected quarter-sawn basswood, reinforced engineered stiles, Prescription Wood Conditioning,™ mortise-and-tenon joinery, and a multi-step hand-finishing system.

Sussex french door cutout, beaded L frame with hidden tilt rods in cherry

# Woodlore® Shutters

VALUE IN EVERY DETAIL by Norman Shutters®

Love the traditional character of wood but not its vulnerability and price tag? Woodlore® is designed to offer the highest performance at a value price, providing an enduring, distinctive accent to any home.

The character of wood  
with advanced *Durability*

Woodlore panels, inside mount with existing molding, 3 1/2" louvers with Sussex french door cutout and hidden tilt rods in silk white

Woodlore panels, outside mount, 3" ridge deco frame, 3 1/2" louvers in silk white

## Exceptional Appearance

- Appeal of wood without the expense
- Frames can add decorative molding to unadorned windows

## Durability

- UV inhibitors resist fading and yellowing
- Patented polypropylene coating resists denting and staining

## Dimensional Stability

- Withstands temperatures up to 140° F compared to 120° F for many vinyl products
- Resists shrinking and swelling, ensuring tight shutter closure

## Innovative Construction

- Authentic custom handcrafting without pre-fabrication and short-cuts
- Stiles built to block light
